Auktoriserad revisor

Bakgrund

- Martin startade sin karriär som skatterevisor 1994 på Skattemyndigheten i Karlstad. Från september 1996 har han varit anställd i KPMG. På KPMG började Martin först som revisorsassistent på Göteborgskontoret. År 2000 flyttade Martin till KPMGs kontor i Stockholm och jobbade då förutom som revisor med transaktionsrådgivning. År 2002 blev Martin auktoriserad revisor, en titel han fortfarande håller. Sedan år 2003 har Martin arbetat med både förebyggande såsom reaktiv rådgivning relaterat till oegentligheter. Martin bidrog till att KPMGs svenska verksamhet år 2004 blev ackrediterad att utföra Forensic tjänster. Sedan år 2007 ansvarar Martin för KPMGs Forensicenhet i Sverige.

Arbets- och branscherfarenheter

- Martin har mer än tio års erfarenhet att agera expertvitne både som skiljeman men även för en part i en tvist. Exempel på uppdrag:
 - Martin har under 2016 agerat oberoende revisor i en tvist avseende beräkning av köpeskilling vid en aktieöverlåtelse. Frågeställningarna berörde främst tillämpning av god redovisningssed.
 - Martin har 2015 agerat expertvitne för en part där frågeställningen framför allt avsåg tolkning och tillämpning av redovisningsregler vid upprättande av kontrollbalansräkning.
 - Martin har varit uppdragsansvarig i en större transaktionsrelaterad tvist, där han företrätt en köpare som anser sig ha fått vilseledande information från säljarna innan överlåtelsen signerades. Uppdraget har bland annat bestått i att jämföra vilken information köparna erhållit innan signering med den verkliga information som förelåg innan signering.
 - Martin var utsedd skiljeman avseende en tvist där två parter var oense om tillämpningen av hur en prisjustering skall ske baserat på ett avtal mellan parterna. Uppdraget avsåg bland annat att bedöma hur avtalet skulle tillämpas avseende olika overheadkostnader mm.
 - Martin var för räkenskapsåret 2010 minoritetsrevisor i Vålinge International AB och dess dotterbolag. Revisionen inkluderade bland annat frågor relaterade till tvister mellan ägarna samt närstående transaktioner
 - Martin har även i sin roll som Forensic chef ansvarat för ett flertal uppdrag som fokuserat på att gräva fram finansiell fakta och därefter jämfört informationen med styrelse och lednings agerande och rapportering
